P4C	Start to evaluate the enquiry: I can say something good about the enquiry and why I can suggest improvements to our enquiry and how I can begin to use precise language to explain what I think Child starts to sum up the enquiry		We can create our own rules I can add to someone else's ideas/viewpoint I can create a philosophical question I can sort questions in to the 4 part quadrant (teacher led) I can sort information I realise others have different opinions I can explain my thoughts We can continue to build a community of enquiry		I would like to give an example... The question I would like to ask is ... I'm not sure about ... can you explain more about ... When I reflected on I thought I noticed that when I believe this because ... I can prove this by ... I can disprove this by ... The reason why I would say this is ...
